

ALPHA CHAIR, 2015

Made in ratio

The Alpha chair is a solid-wood all-purpose stackable chair produced using the latest production technologies of shaped wooden furniture. The name Alpha is derived from the strong architectural gesture that gives the chair its inherent strength: the A shaped structure of the back legs and backrest that are organically and sensually moulded into one. The Alpha Chair also comes with the option of an upholstered leather seat for added comfort.

Solid oak / Solid ebonised oak / solid walnut
