

IRIS TRAY, 2019**WHITE CUBES**

The Iris marble tray plays on minimalism, purity, and modernity, challenging the eclectic border between functional art and sculptural long-lasting design. Ideal for a kitchen, living room, or bathroom, this piece combines apparent simplicity with rigorous geometry.

It is handcrafted in pure Athenian White Volakas Marble in a small village in the north of Greece (Drama) famous for its marble quarries, this piece pays homage to the famous Greek ancient civilization, the Acropolis and Parthenon. Natural Volakas marble is a metamorphic rock that morphs from limestone under extreme heat and pressure deep within the earth. It also contains dolomite along with limestone which gives it different colours and tones.
