

BOUQUET 16, 2021**Elodie Blanchard**

Elodie Blanchard creates intricate colorful rich bouquets made of small repurposed scraps of textiles, plastic bags, mylar balloons and snack packaging that she layers and stitches together. These collages are all unique, at times realistic, at times abstract, from small sizes to large patterns.

Blanchard is playing with the contrast between the ephemerality of floral arrangements often commemorating important events and the long lifecycle of the waste materials she uses. The inspiration for these collages is drawn from the pictures she takes on her daily walks in the Green-wood Cemetery of decaying bouquets and wedding bouquets found on the internet, saddest and happiest moments in a human's life.
