

## CANDY SIDE TABLE

Studio Berg

Inspired by sweet childhood memories, “Candy” is a new series of glass objects designed by Studio Berg, that brings the joy of the candy shop into the living space. Candy canes, lollipops and more remind us of objects’ ability to transport us across time and space, and the potential of common shared experiences to connect us to one another.

The series is handmade by Torsten Röttsch, with great support from Korbinian Stöckle and Rasit Rejwan Toplu at Glasturm Gernheim in Germany.
