

JELLO CLOCHE – Set of 3 (S, M, H) STUDIO BERG

JELLO is a series of playful glass cloches inspired by traditional jelly desserts and antique pudding molds. Soft curves, baroque charm, and a palette of pinks bring these nostalgic forms into contemporary design. Each piece is hand-blown into 100-year-old cast iron and copper molds and comes in five sizes and five shades—from rose milk to translucent blackberry. Use them to cover sweets, hide small treasures, or simply as sculptural table accents.

JELLO is available as sets of 3 cloches in the Small, Medium, and High sizes, and in the following colors: rose milk, strawberry cream, cherry cream, translucent raspberry, translucent black berry, coconut cream, translucent honey, toffee cream, mandarin cream, translucent black licorice, translucent orange, pistachio cream, matcha cream, translucent waldmeister/woodruff, and translucent red blood orange.

Lead time: 2–6 weeks, depending on stock
