

SET2 OF 3 MEDIUM VIEE VASES STUDIO BERG

VIEE VASES are a collection of textured, archaic-looking vases designed to bring color and fascinating structure into any interior. This is the 2.0 series—a bold new edition featuring fresh colors, innovative glazes, and striking effects. The collection is all about experimentation, playing with surface textures by combining different clays with glass powders and other materials.

Made in Portugal

Lead time 1–8 weeks, depending on stock
